NEW HIGH QUALITY CARGO SCANNER UNITS

8

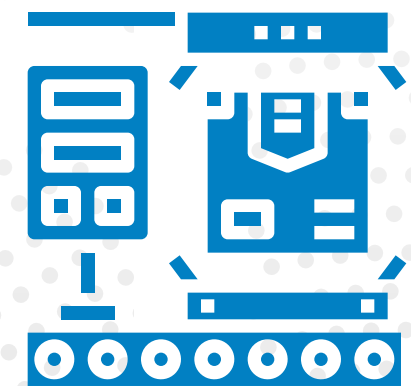

Together with Cargo City we will introduce new dual view technology cargo scanners which shortens inspection times and provides high-penetration capabilities to avoid disassembly into individual packages.

HI-SCAN 180180-2is pro

Tunnel dimensions of 180 x 180cm capable of screening LD3 containers.

While new technology provides faster scanning process, same time we will have capacity to scan containers with our new big size cargo scanner.

HI-SCAN 145180-2is

Tunnel dimensions of 145 x 180cm Universal X-ray system for palletised items

SOCIAL FACILITIES

• Locker Rooms

• Canteen

• Modern rest rooms

• Employee Car Park

• Bus Stop
