General Nationwide Obligation to Use of Cloth Face Coverings

Dear Valuabel Customers,

Hessian State government has decided to make to use of cloth face coverings mandatory starting as of 27.04.2020.

Customers will have to keep their mouth and nose protected before entering the Celebi Cargo GmbH Building. We therefore ask you to equip all your colleagues with such a mouth-nose protection.

Celebi Cargo GmbH reserves the right to refuse entry in the event of non-compliance.

What is a Cloth Face Covering?

Cloth face coverings can help protect the people around you. Some people with COVID-19 have no signs or symptoms and do not feel sick, but can still pass the virus on to others. A cloth face covering can help prevent this, cover your coughs and sneezes and is helpful for reducing the spread of the coronavirus disease.

Yet a face mask doesn't just mean a traditional medical mask. Rather, it can be any sort of face and nose covering, including scarfs and self-sewn coverings, which can help prevent a person from spreading coronavirus to others.
