

30.07.2020

Dear Valuable Customers & Business Partners,

Continuing in the tradition of striving for excellence, we are very proud and excited to announce that we have finally received the authority approval on 28th July 2020 which was pending due to current situation COVID 19.

We strongly believe that the new pharma chambers construction is an important milestone for Celebi Cargo FRA and a significant business tool as we continue to improve our **Quality Management System**.

Healthcare deliveries are a highly specialized business requiring a deep understanding of the logistical challenges involved. Our Special Handling Team has extensive experience in this field, and we are happy to provide a tailored solution and outstanding customer service for your business with stringent regulatory compliance.

The timeline for the construction will be shared with a further notification. It may be possible that we will have some interruptions during the construction period and will be therefore forced to switch all Pharma Shipments to centralized Perishable Center in FRA.

Celebi Cargo GmbH will inform you for the further actions accordingly.

Thanks for your usual corporation as ever.

Yours Sincerely,

CELEBI CARGO GmbH
